

## Small Dog Daycare Screening

In order to attend daycare, a completed application and a “Social Screening” is required in order to ensure that your dog will be a good fit with the other dogs in our daycare. Dogs that are aggressive toward other dogs or people will not be allowed. Once your doggies health records are received, along with a completed application you will be contacted by our staff to set up a “Social Screening” appointment.

## Health Rules & Requirements

- All dogs must be at least 3 months of age.
- All dogs over 6 months of age must be spayed or neutered.
- All dogs must have up-to-date vaccinations. Written proof will be required from a licensed veterinarian that your pet has received DHLPP, Rabies, and Kennel Cough vaccines in addition to a clear stool sample within the last 60 days. Please have your vets office fax all information to 1 (866) 631-2063.
- All dogs must be in good health. Owners must certify that their dogs have not been ill within the last 30 days, and they must be free from any condition that could potentially jeopardize the health of other dogs in the daycare. Dogs that have been ill within the last 30 days will require veterinarian certification to be admitted or readmitted. Also, dogs prone to seizures will not be allowed in order to ensure their own safety.
- We do not permit dogs in daycare that are sneezing, coughing, have yellow/green eye discharge or have any signs of stomach upset (ie. vomiting, diarrhea.) If your dog has these symptoms, please DO NOT bring them to daycare.

## Reservations are required
